To whom it may concern

**RE: GO I.T.**

It is a pleasure to provide this letter of support for Giovanni Tirimacco, principal of GO I.T.

Giovanni has been looking after all of our computer needs since August 2006 and has overseen the purchase and installation of a new server.

He has impressed us with his character, competence and availability.

In December 2008, we had experienced a major hardware failure. Giovanni installed a temporary server and worked through the weekend to ensure that no data was lost.

Giovanni is personable and delivers what he promises. We have observed a genuine tendency to save the firm money, whilst at the same time advising on the best outcomes and safest practices.

He has a disarming way of solving problems without highlighting the writer's technical shortcomings.

In 20 years of legal practice, I have not met anyone finer in this field.

Our experience with Giovanni has been truly refreshing and we have gladly recommended him to others.

In our view, Giovanni deserves every success.

Kind regards

Yours sincerely
