Dear Sir or Madam

**Re: Hutch IT Computer Support  
Application for LEAP IT Partner**

We write this letter in support of the application by Hutch IT Pty Limited trading as Hutch IT Computer Support for accreditation as a LEAP IT partner.

Hutch IT has been providing sole support for our full IT operations at Rayward Conveyancing since May 2007. Hutch IT is retained on a contract basis for this service from that time.

Hutch IT has been providing full service and support for both of our LEAP Documents and LEAP Accounting systems as well as our Microsoft Office and Operating systems.

John Hutchins has a very thorough and strong knowledge and understanding of Microsoft systems as well as computer hardware, systems and networking. Being retained as our sole IT support consultant, Hutch IT must be, and is, fully cognisant of the hardware and software requirements and functionality to enable the continued and mostly uninterrupted operation of this practice.

I have no hesitation in recommending Hutch IT Computer Support to any business or software provider so that they may gain the benefit of their great IT knowledge, support and flexibility.

Yours faithfully

Steve Rayward

Dear Sir/Madam

**Re: Hutch IT Computer Support  
Application for LEAP IT Partner**

I understand that John Hutchins (Hutch IT Pty Ltd) is applying to be a LEAP IT Partner.

John has been our computer technician for some years now and provides all the IT support for our computers.

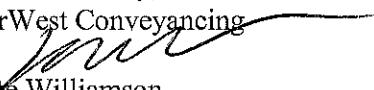

Apart from installing new computer systems and workstations etc John has been invaluable in managing the Leap program in our office including Leap Accounting for our trust account.

John's technical knowledge has been very impressive and I recognise, and my staff recognises, that John is highly trained and competent in his ongoing maintenance of our programs including Leap.

My conveyancing practice is reliant on having trouble free computer systems and John has maintained our systems in such a way that no matter when or what time he is needed to attend to problems, he does so without hesitation and with professionalism. Accordingly, I can confidently say that our systems run consistently and smoothly under John's management.

I have no hesitation in recommending John in his application to Leap as a LEAP IT partner. I also invite you to contact me should you wish to discuss this matter further.

Yours faithfully,  
NorWest Conveyancing
