Dear Sir/Madam

RE: LEAP & Managed Information Technology (Managed IT)

In reference to the above, it is my pleasure to provide a testimonial to the management & staff of Managed IT.

I have been associated with Adrian Rose & the team at Managed IT for almost 5 years & have always found them to be diligent in their technical advice and the vast array of services they provide. I particularly appreciate their understanding of the need to provide a high level of customer service especially in crisis situations. At all times, they maintain their calm professionalism & have on numerous occasions demonstrated their outstanding technical ability in getting our systems running smoothly again.

I have no hesitation in recommending Managed IT to any firm who use LEAP Legal Software.

Yours faithfully
